NOTED PREACHER WILL COME HERE

For Big Union Meeting
Sept. 11-Oct. 2.

All Arrangements Perfected With Expectation of Securing of Hall Adequate To Seat Four Thousand—Likely That Tabernacle Will Be Built For This Purpose—Dr. Biederwolf the Evangelist Who Has Been Secured by Ministers of City.

With the single exception of securing a hall seating fully four thousand people the ministers of the city have completed all preliminary arrangements for holding a great union evangelistic meeting September 11 to October 2. Dr. W. E. Biederwolf is the evangelist whose services have been secured to conduct this great revival and his fame as an evangelist and soul winner is known far and wide.

Dr. Biederwolf agrees to come and conduct a three weeks' meeting. While it has not yet been decided it is likely that a tabernacle will be erected in the central portion of the city. Or a partition will be put in the auditorium and one end of the big building used. At any rate the citizens of Greensboro are not going to let such a thing as a building stand between them and the opportunity of hearing this noted evangelist, not to mention missing the untold good his coming would do in spreading the gospel and in awakening the spiritual life in the city churches. And not only in the city churches but in the churches throughout the entire county and adjoining counties.

Dr. Biederwolf conducted an evangelistic campaign in Monmouth, Ill., last spring that was a success in every particular. Mr. L. H. Martin, secretary of the local Y. M. C. A., was secretary of the Monmouth Y. M. C. A. at that time and aided materially in the preliminary arrangements for that great meeting. Of this great evangelist Rev. W. R. King, pastor of the Monmouth Presbyterian Church, said: "Dr. Biederwolf is one of the most thorough evangelists in the country, and a strong point and doubtless the thing that helps as much as any other in influencing people is the fact that he is intensely human. There is no markish pretense at supernatural modesty about him."

"His sermons are astonishingly practical and convincing but without that underlying quality of the preacher's personal and intense earnestness, I doubt if they would impress the people as they do. Indeed, I know they would not. Dr. Biederwolf's success is not only in the sermons. It is in the man. He holds you fascinated. As he stands up before you, you are instantly convinced that he believes, himself, every word he asks you to believe."

Dr. Biederwolf brings with him four people, a singer, a pianist, a lady worker who has charge of the cottage prayer meetings, and a man who looks after the shop meetings.

KENNY'S NEW MANAGER

Mr. A. A. Harris, Former Atlanta Man, Now In Charge Here.

Mr. A. G. Harris, the new manager for the local store of C. D. Kenny & Company, has arrived and been checked into his new position by Mr. L. C. Hucht, the company's auditor from Baltimore, and now is in charge of the store.

Mr. Harris came to Greensboro from Winston-Salem where he has been manager of the new Kenny store for some weeks, and the appointment as local manager in this city comes as a promotion. Mr. Harris is an Atlanta boy and has been connected with the Kenny firm in Atlanta at the Whitehall street store for a number of years and understands the business thoroughly. He has not yet decided when he will move his family to Greensboro.

Smith Garrett in Fight.

The police last night served a warrant on Smith Garrett, colored, on the charge of assaulting Jim Evans. Evans, who was out on the warrant, told a pitiful tale to the officers. He said he gave the defendant no cause for pummeling like he did. The affair will be heard before Judge Eure this morning.

It is hard to pay as you go if you are always going broke.

MR. MOREHEAD TO SELECT HEADQUARTERS

Selection Will Be Made Some Time This Week—The Chairman Leaves For Washington.

Republican State Chairman John M. Morehead was here yesterday looking up a suitable place for State headquarters. One of the places considered was the Benbow Hotel building, second floor. When seen last night, Mr. Morehead said that a place would be selected some time during this week.

Mr. Morehead is evidently not a man to make big claims until he is sure of his ground. Asked if he would have a large staff of stenographers, clerks, etc., at his headquarters to the end that a great volume of work could be done, he tersely replied, "We'll have everything that's needed." It was learned from another source that it would take six or eight rooms to accommodate Republican State headquarters.

In reply to a question as to how many Congressional districts his party expected to carry, the new State chairman declined to make a prediction.

He was also asked if there was anything he could say as to the probable outcome of the Congressional convention here Saturday, but in this connection, too, he was not the least bit talkative. The impression seems to be growing that he will not be the nominee, but that D. H. Blair, of Winston, will be the man. There is believed to be nothing in the report that Gilliam Grissom, Mr. Morehead's secretary, will seek the nomination.

Mr. Morehead left for Washington last night. He will open his headquarters here about September 1.

IMPROVED RAILROAD SCHEDULE

To Leaksville and Spray and Return In One Day.

Beginning Monday, August 22, the Danville and Western Railway, which connects with the Southern at Danville will inaugurate new schedules that will enable people from Greensboro and surrounding towns to run over to the twin cities of Spray and Leaksville and spend four hours and return at seven o'clock the same day, an advantage that the traveling public have wanted for some time.

A new train will leave Danville at 11:45 a. m. daily which will connect with Southern train number 44 which leaves here at 9:30 a. m.

Another D. and W. train has been changed to leave Danville in the afternoon at 3 o'clock which will give passengers time to make the connection by leaving here on number 36 at 1:40 p. m.

Both changes of schedules are appreciated by the traveling men. It is not known whether the honor recently given to one of Spray's leading citizens, John Motley Morehead, or the recent purchase of about two thirds of the town by the firm of Marshall Field & Company, of Chicago, is responsible for the improvements in the service.

NETTLES WOMAN BOUND OVER.

Held For Court in Bond of One Thousand Dollars by Justice Collins.

The preliminary hearing of Callie Nettles, the negro woman charged with killing her infant child, was held yesterday morning at 10 o'clock before Justice of the Peace D. H. Collins. Several witnesses for the state testified, the evidence being about as published in The Telegram at the time the body was found. The defense did not introduce any testimony.

County Attorney J. N. Wilson appeared for the state, while Messrs. David Stern and W. D. Siler represented the defendant. After hearing the evidence Justice Collins held that the woman was guilty of homicide. He reserved his decision as to the amount of bail, but later fixed the bond at \$1,000. The defense states that this bond will probably be arranged today.

Released On Bond.

Henry Stove, the white boy arrested some time ago on the charge of stealing a pair of pants from H. C. Simpson at Revolution, yesterday gave bond in the sum of \$25 for his appearance at the next criminal term of court and was released from custody. The bond was furnished by the father of the young fellow, who carried his son back to Danville.

The proof of the pudding is in the eating. The same rule applies to mushrooms and toadstools.

Coming—now on the way. The fourteen members will be here August 22 in Smith Memorial building at 8 o'clock p. m. Price 25c. Nothing better, if so good, for the price. Get tickets before hand and secure good seats.

KNOW HOW TO STEAL CHICKENS

Raleigh Negro Makes Successful Raid.

But He Lost Out On Second Attempt—Got Twenty-five Out of Coop In Front of Grocery Store—Answer to Complaint Filed In Case of Seminoles Securities Company vs. C. J. Hebert—Defendant Expects To Jurisdiction of Eastern District Court.

Raleigh, Aug. 15.—Tom Edwards, a chicken thief who distinguished himself some weeks ago by getting twenty-five chickens from the sidewalk sales coop of Groceryman Clifford Smith, corner Jones and Salisbury streets, without leaving any trace to identify him, was captured last night while in the act of raiding the same coop.

He admits the first theft. Last night he had already broken the necks of four chickens and had them in his pockets. Policeman Bailey captured him, having found him killing the chickens in the most noiseless sort of a way, except that he was mumbling to himself about how "Mr. Smith ought not to leave chickens out on the street that way to tempt a hungry nigger."

C. J. Hebert, who negotiated the deal in which the Southern Life Insurance Co., Fayetteville, was sold to the Seminoles Securities Co., of Columbia, S. C., and out of which grew one of the biggest scandals the business interests of the two Carolinas have experienced in a long time, filed today in the Federal Court here his answer to the cross bill of the Southern Life Company in the suit of Seminoles Securities Co. by F. G. Thompson, receiver, and others vs. C. J. Hebert. This litigation involves the \$63,000 in Seminoles Securities stock that Hebert receives for negotiating the sale of the Southern Life to The Seminoles Co., the allegation being that the commissions that the \$63,000 bonds represents were fraudulently excessive and that the bonds should be surrendered to the receivers of the two companies. Hebert insists that the transaction was legitimate and in due form and that his right to retain and dispose of them should not be questioned. At the same time that Hebert files this answer he filed also an exception to the jurisdiction of the Eastern District North Carolina U. S. Court with respect to his bond holdings, the answer being made subject to this exception.

Two charters were granted today. The Asheville School for Girls is chartered with \$50,000 capital authorized and \$2,500 subscribed for maintaining a high grade primary school. S. R. McKee being one of the principal incorporators. The Citizen's Realty Co., also of Asheville, was chartered with \$2,500 capital subscribed by M. W. Brown and others.

V. C. Garrard, who has been for a long while in the stamp office at Durham has been transferred to the district office of collector of internal revenue here to take the desk recently vacated by V. C. Terry, resigned. Mr. Terry is a linotype man and all round printer and has resumed the work of linotype operator here.

Rev. Mr. Klapp Organizes A New Church. Rev. S. B. Klapp has lately returned from the Western part of the State where at Esther, N. C., he organized a Christian church with 31 charter members after a revival of eight days. He began mission work at this point two years ago and he and a few others became responsible for the erection of a new house of worship and on the fifth Sunday in July he preached the first sermon in the building. This is the second church Mr. Klapp has built since last conference, and he states that he will build one more by the next conference. He has held four very successful revivals recently. He is the president of the North Carolina and Virginia Christian Missionary Association.

To Attend House Party.

Misses Mamie and Chase Boren, Lake McNairy and Lizzie Fields leave today to attend a house party given by Miss Vera Wharton at her home "Maplehurst," six miles north of the city.

Read about the great suit offer told of in our ad today. It means dollars in your pockets. Wallace Clothing Co.

LOCAL TALENT TO MAKE MUSIC

During Central Carolina Fair.

Services of Union Textile Band Secured—First Time In Five Years Local Talent Has Been Available—Secretary Daniel Predicts Biggest and Best Fair Ever Held by Association—Considerable Interest Already Taken.

Home talent will make music during the coming fair of the Central Carolina Fair Association for the first time in five years, says Secretary Garland Daniel. Yesterday he contracted with the Union Textile Band, the organization at the mill villages, to play during the fair. "Greensboro should feel proud of the fact that we do not have to go outside our gates to secure music for the fair," continued Mr. Daniel. "And we will have the best band in the State. The organization now consists of 57 pieces and the management promises that there will be 70 pieces by October 11. This will be divided into two bands during the first day of the fair and a band of some forty or fifty pieces will play during the remaining three days."

Secretary Daniel was asked if there was anything new in connection with the fair. "There is nothing real new," he stated, "unless you might consider the fact that we are going to have the best fair we have ever had news." The entire grounds are now being overhauled and the buildings will present a spick and span condition when the gates are thrown open. Every building will be thoroughly cleaned and a coat of whitewash applied.

The outlook for larger and finer exhibits is encouraging, continued Mr. Daniel, and it is doubtful whether we will have room enough. The Van Lindley Company, which heretofore has used one section in the main building has already engaged four sections and will have a veritable flower garden on the second floor of the main building. One of these sections will be fitted up like a bridal chamber and one or more of the remainder will be filled with floral emblems, representing the several fraternal organizations. Other space is being taken and considerable interest is shown for this time of the year.

Secretary Daniel was asked if any steps would be taken to prevent circuses from exhibiting in the county before the fair. He said that he had done nothing as yet, that the Ringling circuses come here 10 days after the fair and another circus is scheduled to be here three weeks before the fair. "However," he continued, "it behooves the merchants of the city to get together and try to prevent these shows from carrying out of the county thousands of dollars that will not benefit the city and county in the least." It is upon the merchants that the loss falls the heaviest after all, he said. While a show hurts a fair in the long run it incurs but little financial loss. But it hurts the exhibits in that the people will not take time to study the exhibits as they should and therefore the general public fails to thoroughly appreciate the efforts of the exhibitors.

Municipal Court.

There were only three cases on the docket when Municipal Court convened yesterday morning and these were disposed of in almost the time it takes to tell it. A. D. Leak was charged with embezzlement, but the evidence was rather light and the case was dismissed. Jim Huffines, colored, was given a hearing on the charge of shining shoes without having obtained a license. He was taxed with the costs. A drunk wound up the performance by submitting the usual fine being imposed.

Was Cutting Up In General.

Deputy Sheriff Andrew Wyrick last night locked up Charles Mason, a young white man of White Oak. Mason got "tanked up" yesterday and he proceeded to cut up in general, the officer finally having to take him into custody. He will be given a hearing before Justice Rogers this morning.

Miss Fannie Williamson returned yesterday morning after a visit in Danville.

You can't afford to miss the baby opera. It will be one of the most unique affairs ever presented in Greensboro.

BIG DAMAGE SUIT.

Case of Paul Lindley vs. Fries Mfg. & Power Company Now Being Tried.

In Guilford Superior Court yesterday morning the case of Paul Lindley vs. Fries Manufacturing & Power Company was taken up and will consume all of today's session. The plaintiff is seeking to recover damages in the sum of \$20,000 for injuries received in September, 1905. He is represented by Col. J. A. Barringer and ex-Judge W. P. Bynum. Messrs. King & Kimball, Buxton & Watson, Mr. A. L. Brooks and Mr. Clement Manley represent the defendant.

Several witnesses were examined for the plaintiff yesterday morning, the plaintiff resting about the middle of the afternoon. The defendant has a score or more witnesses and the argument will not begin before this afternoon. This is the second time the case has been on trial in court. It was tried in 1907, but the jury could not agree on a verdict and a mistrial was ordered.

Mr. Lindley, in company with Mr. P. W. Richardson, went to Winston in an auto in September, 1905, and as they were returning home the auto and a street car collided, the auto being overturned and Mr. Lindley painfully injured. He contends that it was the street car company's fault, while the company argues that it was Mr. Lindley's fault.

Yesterday morning the case of Huntley-Stockton-Hill Co. vs. Julius Lissel was taken up, judgment being returned in favor of the plaintiff.

The case of J. D. Helms vs. C. E. Holton is set for today, but it will hardly be reached before Wednesday afternoon or Thursday if it is then. There are five cases between the one now in progress and this case and these may consume a day or more.

This is Judge C. C. Lyon's first court here and members of the local bar appear well pleased with his decisions on points of law and the admission of evidence.

TWO LITTLE GIRLS

MEET HORRIBLE DEATH.

Ran Down and Killed By Passenger Train Sunday Morning.

Thomasville, Aug. 15.—Sunday morning about 8:30 o'clock Vada Cook and Hazel Myree, two little girls between the ages of 8 and 10 years, were killed about five miles south of this place by northbound passenger train No. 44. The two girls, accompanied by their mothers, had gotten off train No. 11 from High Point at Lake and were coming up the railroad track to a Mr. Treedles, a relative, who lives a mile north of Lake. While walking up the track they met a freight train going south and in getting out of the way of the freight train got in the way of train 44 going north. The two little girls were struck back of the head and their skulls were crushed, killing them instantly. The mothers barely escaped death by being a little farther away from the track. The remains of the two children were carried to High Point on No. 22 for burial. Dr. J. W. Peacock started the inquest at the scene Sunday morning, but continued it until Wednesday on account of the lack of witnesses.

ESPERANTO CONGRESS OPENS.

Thirty-Seven Nations Are Represented At Big Meeting at Washington.

Washington, Aug. 15.—The International Esperanto Congress for furthering propaganda of the neutral language of hope for all peoples of the earth was opened here today with hundreds of delegates from at least 37 nations and official representatives of nine countries in attendance. Capt. Josefo Perogordo, personal representative of King Alfonso, of Spain, and Vice President of the International Congress held last year at Barcelona, presided. A feature of the day's program was the address by Dr. Ludwig L. Zamenhoff, of Poland, inventor of Esperanto. More than a thousand delegates are expected by tomorrow.

Lawn Party Tonight.

Tonight a lawn party will be given on the lawn at Mrs. Griffin's, Railroad avenue, by the ladies of the Moravian church. The lawn party was scheduled for last Saturday night, but was postponed on account of rain. The public is cordially invited to attend and assist the ladies.

Mr. Frank A. Scott, of Richmond, who has been visiting his father, Captain Dave Scott, on South Forbis street, returned home last night.

Anaco, the camera of quality. See our adv. in today's paper. Odell Hardware Company.

DOUBLE-HEADER WITH MUSICIANS

At Cone Park This Afternoon.

First Game Will Be Called At 2:30

O'clock—Wallace and Abercrombie the Twirlers—Children Under 12 Admitted Free—Rain Prevented Game Yesterday—Spartanburg's Last Visit To Greensboro—Cross to Live In Charlotte.

The weather man decreed that there could be no ball at Cone Athletic Park yesterday afternoon so a double-header will be pulled off this afternoon, the first game to be called at 2:30, sharp.

This series will be the last chance to see the Spartans this season, possibly for some time to come, for the North Carolina State league will in all probability be the attraction for next season.

Manager Hicks will use Wallace in the first game today and either Eldridge or Houser in the second. Manager Woods gives out Abercrombie as the first choice and Gardin or Averet will rank as second choice.

All the children under 12 will be the guests of the management today and they are asked to come out early and root for the Champs.

Rudderham has the detail from President Wearn to umpire the series.

The Hicksmen are going better now than at any previous time during the season and a grandstand full of the "faithful" behind them will make them put up a classy game. One more day here with the Spartans, then with Kelly's Andersonians, next week the team will be away from home for the entire week and return the following week for four days only, two with the Hornets and two with Tommy Stouch's Pennant-Winners. The management of the local club is in the hole now and liberal patronage by the fans should be given them.

Lave Cross has decided to make his permanent home in North Carolina, and yesterday's Charlotte Chronicle has the following to say on the subject:

"Lave Cross is to be a North Carolinian and a Charlottean. He has decided to make this city his abiding place in the future and will spend the winter here with friends, having been assured of some fine hunting excursions. Cross is well pleased with the climate here and the people as well and he has been receiving hospitality whatever he has manifested himself. He is well liked by all the fans who have an abundance of confidence in his ability as a manager and many of whom go to ball games just to see the old veteran play the game."

"Cross is well beloved by the fans throughout the circuit and is a favorite in all the towns composing the league. He has always conducted himself in a gentlemanly manner on the ball field and this sort of conduct not only brings a man friends, but helps the cause of baseball in various ways."

Manager Cross is an enthusiastic hunter and when in Greensboro has met several of the local nimrods and they are arranging to have the Chief Hornet spend part of the winter in this city as their guests at some big hunting parties. If he is as successful with a gun as he is with a bat he will play havoc with the quail and other game in this section.

Fifteenth Series of Stock.

The directors of the Gate City Building and Loan Association held a meeting yesterday afternoon and opened the fifteenth series of stock. Secretary and Treasurer T. J. Murphy announces in an advertisement this morning that he is ready to receive subscriptions to stock in this series. The affairs of the association are in a flourishing condition and it is undoubtedly doing a much needed work in encouraging people to save up their money and own their homes.

Notice To Red Men.

Please attend the meeting tonight of this order as there will be degree work and election. Attend and bring your brothers. S. L. Williams, C. of R.

The little wax dolls are going to dance their way into the hearts of the audience Tuesday evening, Aug. 23, at the baby opera.

TWO.

KEEP THE KIDNEYS WELL.

Health is Worth Saving, and Some Greensboro People Know How to Save It.

Many Greensboro people take their lives in their hands by neglecting the kidneys when they know these organs need help. Sick kidneys are responsible for a vast amount of suffering and ill health, but there is no need to suffer nor to remain in danger when all diseases and aches and pains due to weak kidneys can be quickly and permanently cured by the use of Doan's Kidney Pills. The following statement leaves no ground for doubt.

Mrs. Lulu Helm, Dixie street, Burlington, N. C., says: "I take pleasure in recommending Doan's Kidney Pills and I hope my statement will be the means of benefiting other sufferers from kidney complaint. I, as well as other members of my family have used this remedy with the best of results. I am confident that Doan's Kidney Pills, if taken in accordance with the directions, will give entire satisfaction."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

"N. Y. HOTELS HORRID!"

CRY ENGLISH TOURISTS. Capt. Hamilton and Wife, on World-Girdling Trip, Decry All American Hostelties.

New York World.

An interesting couple of tourists, Capt. Ralph G. A. Hamilton and his wife, Lady Grezel Hamilton, who are now on the last lap of a world-tour, undertaken mainly that Capt. Hamilton might explore the battlefields of Manchuria, sailed on the Celtic yesterday noon.

Capt. Hamilton is the eldest son of Lord Belham and Stenton, Commander-in-Chief of the Indian Militia. The son was in the regular army, but is now attached to the Territorial Force, corresponding to the United States militia branch of the service.

Lady Grezel, charming, entertaining and sensible, is the eldest daughter of the Earl of Dundonald. In talking of their travels yesterday Capt. Hamilton said they went first to Ceylon, passing thence into Southern India and Burma, then on to China, visiting Peking and Hongkong. They penetrated Siberia, studied the historic battlefields of Manchuria, and went through Japan and Korea. The trip was entirely for their information and pleasure.

"The condition of the Japanese military forces is very much better than any one imagines," said the Captain. "There is no suggestion of the 'sojiman,' of comic opera about the Mikado's fighting chaps."

"As for the Chinese army, no one knows how big it is. When the Chinese wake up some day there will be a 'hell of a row.'"

Lady Grezel is a huntress, with an African record. By a coincidence she three years ago made a shooting trip through the same territory as Colonel Roosevelt afterward shot up. She also had the same guide, Cunningham. Lady Hamilton proved her prowess by bagging one leopard, the third largest ever shot; a rhinoceros, two hippopotami, one Cape buffalo and one giraffe. She did not deem to kill any wart hogs, however. She said they were not "game enough" to bother with.

"I am amazed at the conditions in the United States," said Lady Grezel. "I found that I had formed my ideas of America principally from reading Bret Harte and was surprised to find civilization everywhere, especially in the West, so finished and up-to-date."

"San Francisco I found a particularly beautiful city. I am impressed by the 'smartness' of America and American cities. Comparisons of New York with London, of which it reminds me, are interesting."

She spoke particularly of the American magazines, which were "a discovery" to her. "Your magazines are vastly superior to our magazines at home," she said.

Afraid of the possible discomforts attending travels over the Trans-Siberian Railway, Capt. and Lady Hamilton decided to return to England by way of the Pacific and the Hawaiian Islands and across the American continent.

The captain is so enthusiastic over the Great West that he has decided to return next winter with Lady Hamilton for a shooting trip to the Rockies.

There was one feature of American life the captain did not like, and his wife nodded her approval of her husband's criticisms. "But your hotels," he said, "they are horrid. My only protest is against your hotels, especially those I visited in this city."

The Best Hour of Life

is when you do some great deed or discover some wonderful fact. This hour came to J. R. Pitt, of Rocky Mt., N. C. when he was suffering intensely, as he says, "from the worst cold I ever had, I then proved to my great satisfaction, what a wonderful Cold and Cough cure Dr. King's New Discovery is. For, after taking one bottle, I was entirely cured. You can't say anything too good of a medicine like that." Its the surest and best remedy for diseased lungs, Hemorrhages, LaGrippe, Asthma, Hay Fever—any Throat or Lung Trouble. 50c, \$1.00. Trial bottle free. Guaranteed by Fariss-Klutznick Drug Co.

Rather He Would.

Pretty Daughter—But papa, I don't see why you should be so down on Harold. He is willing to die for me.

Papa—Oh, well, I don't object to his doing that. I thought he wanted to marry you.—Montreal Star.

Struck a Rich Mine.

S. W. Bends, of Coal City, Ala., says he struck a perfect mine of health in Dr. King's New Life Pills for they cured him of Liver and Kidney Trouble after 12 years of suffering. They are the best pills on earth for Constipation, Malaria, Headache, Dyspepsia, Debility. 25c at Fariss-Klutznick Drug Co.

The High Cost.

Patron—Can I get anything good for \$5.00.

Waiter—Certainly, sir. How will a steak smothered in an onion be?—Puck.

Foley Kidney Pills

Tonic in quality and action, quick in results. For backache, headache, dizziness, nervousness urinary irregularities and rheumatism. Holton Drug Co.

NEWS OF THE LIBERTY-PEDMONT INSTITUTE.

Arrangements to Pay Debt on Main Building by Jan. 1.

Wallburg, Aug. 13.—Friends over the State of Liberty Piedmont Institute will rejoice with the board of trustees in learning of the opening by which the debt on the new main building will be paid by January 1, 1911. A friend of the school has proposed to give \$4,000 on the debt, provided the balance is raised by the time mentioned. The trustees met in Thomasville yesterday and took measures toward raising this amount. The services of Prof. G. E. Lineberry, agent for the Baptist schools in the State, has been secured for the next four months, and he will be aided by Rev. O. A. Keller, financial agent for the school. Every possible effort is going to be put forth to wipe out this debt, and with the energetic support of the friends of the school things will surely come to pass.

The Wallburg Improvement Company is still progressing and carrying further the excellent work they have begun in improving and developing the town. Something like 18 acres will be laid off in lots and sold at auction in the early date. These lots will be in the most desirable part of the town, connected with the electric light and water lines. New, broad streets are being opened up through these lots and the other streets in the town straightened and enlarged. A large brick drug store will be erected on one corner of this new property and near by will be a bank. These splendid improvements with the natural location of Wallburg make the place one of the most desirable in the State for a town. The citizens here, the health of the place, and the promising future with what is already being done all point to this.

Staggers Skeptics.

That a clean, nice, fragrant compound like Bucklen's Arnica Salve will instantly relieve a bad burn, cut, scald, wound or piles, staggers skeptics. But great cures prove it a wonderful healer of the worst sores, ulcers, boils, felons, eczema, skin eruptions, as also chapped hands, sprains and corns. Try it. 25c. at Fariss-Klutznick Drug Co.

Not Noted.

"Have any of Poe's commentators taken note of the fact that his famous Raven was on an old drunk?"

"What do you mean?"

"Didn't the poet say himself the bird was an antique 'bust'?"—Josh Wink in Baltimore American.

No Scars Left From Wounds

If wound is cleansed and dressed with Vick's Antiseptic Liniment. No blood poison possible, no soreness ever, but quick sure healing. Worth big money to any house and barnyard. 25c. at Druggists.

Indigestion.

"Yes," said the man from Westmont, "I am very fond of green peas, but I can't eat 'em."

"Why not?" queried the Montreal Western.

"Because I can't balance 'em on my knife."—Montreal Star.

Acute or Chronic—Which?

No matter if your kidney trouble is acute or chronic Foley's Remedy will reach your case. Mr. Claude Brown, Reynoldsville, Ill., writes us that he suffered many months with kidney complaint which baffled all treatment. At last he tried Foley's Kidney Remedy and a few large bottles effected a complete cure. He says: "It has been of inestimable value to me." Holton Drug Co.

Wigg—"It's hard work to get a Government job, isn't it?" Waggs—"Yes, but you have a long rest afterward."

To keep your health sound; to avoid the ills of advancing years; to conserve your physical forces for a ripe and healthful old age, guard your kidneys by taking Foley's Kidney Remedy. Holton Drug Co.

Some men are bent under a weight of woe, and others get stoop-shouldered from carrying their own self-conceit.

Where other remedies have failed, try July Weed for your kidneys. You will never do without it. For sale at Conyers' Drug Store.

NOTICE.

North Carolina, Guilford County—In the Superior Court.

Browder & Fulton, Incorporated vs. Quirk Milling Company, a Corporation.

To the Quirk Milling Company, a corporation:

You are hereby notified that an action entitled as above has been commenced against you in the Superior Court of Guilford county, State of North Carolina, for the recovery of four hundred and forty-nine dollars and sixty cents (\$449.60) alleged to be due by contract. You are further notified that an attachment has been sued out in this case and levied upon certain notes alleged to be due by George Suppes and held for collection for your account by the Greensboro Loan & Trust Company. You are notified to appear at the Superior Court of Guilford county to be held on the 20th day of September, 1910, and answer the complaint of the plaintiff which will be filed during the first three days of the term or judgment will be taken against you by default according to the terms of the complaint.

This the 8th day of August, 1910.
(Signed) ERNEST CLAPP,
Clerk Superior Court.

SEALED BIDS INVITED FOR PURCHASE OF VALUABLE PROPERTY.

Under the provisions of an order of the Superior Court of Guilford County in the civil action entitled "J. C. Morris et al. vs. Kirkpatrick Brick Company," the undersigned hereby advertises for sealed bids for the purchase of the property of said Kirkpatrick Brick Company, both real and personal, consisting of a tract of land of about 33 1-2 acres situate northwest of the City of Greensboro and about 1 1-2 miles therefrom, together with the buildings and structures thereon, as also all the machinery, apparatus and supplies heretofore used in connection with the business of said Kirkpatrick Company in the preparation and manufacture of brick. Further details and information may be obtained by interviewing the undersigned.

All bids must be in the hands of the undersigned not later than the 18th day of August, 1910, at which time they will be opened and the highest thereof reported to the court. The undersigned reserves the right to reject any and all bids and gives notice that no bid can be accepted nor sale made except upon approval and confirmation by the court.

This, the 15th day of July, 1910.

O. W. MONROE,
Receiver Kirkpatrick Brick Co.

How the Train Was Held Up

By BEVERLY WORTHINGTON
Copyright, 1910, by American Press Association.

All day we sped on, getting farther and farther from civilization. What had been three carloads at the start was soon reduced to one, and finally all save about a dozen passengers had dropped off. The country becoming arid, nothing to look at outside and nothing to do inside, some of us got together to talk. There was a Methodist minister in a white cravat and a woman dressed in calico, an Irishman with a red head and a colored man. Others there were, but these four are especially impressed on my memory. We had exhausted every topic we could think of and were pining for something to break the monotony of the journey when the conductor came in and said to us:

"We're coming to a place, a cut and a curve in the road, where there is a possibility of the train being held up. If you people have any valuables that you don't care to lose you had better dispose of them in some way by which they won't show up."

"How do you know the train is likely to be held up?" asked the Irishman. "A man got on at the last station who said that his little daughter, only twelve years old, had heard some men laying a plan. They had agreed that they would go through this very train and at the cut two miles beyond Raccoon. There's only one cut about there, and there's a curve in it."

"Why don't you go back?" asked the woman, trembling.

"Because there's no certainty about the matter. I don't know how well I can depend on the information. If I backed at every such report, throwing the road's schedule out, I'd soon get my walking papers."

"Where's the man who told about this?"

"In the baggage car." One or two of the passengers went forward to interview the informer, while the others began to take measures to put their valuables in places where they would not likely be found. We had left Raccoon and would be in the cut in a few minutes. The woman unhooked her dress in front and crammed in a pocketbook. The Irishman, thinking that she would not be likely to be forced to disrobe, asked her if she would kindly take charge of a roll of bills for him. She consented. No one of the other passengers—they were all men—seemed to be satisfied to keep their valuables on his person, so one by one they went to the woman and asked her to be their temporary safe deposit. She was very obliging, but, not having room where she had put her own pocketbook, she suggested that they tie up their goods in their handkerchiefs and she would pin them on to the waistband of her petticoat.

This seemed so admirable a plan that every man in the car came to this lone woman and begged the protection of her skirts for his money, watch and jewelry of every kind. She was literally loaded down with them, having a circle of suspended articles around her waist.

The news that the train was likely to be held up was carried into the next car back—there were but two passenger cars—and half a dozen persons came into our car to learn about the matter. There was no more room for valuables under the woman's skirt, but the minister stepped forward with a plan, much to the relief of these newcomers. Taking off his silk hat, he said:

"I am carrying funds for the church, and, knowing of the danger of being robbed in this wild country, I had a false top put in my hat. I have room for what money any of you may wish to secrete."

He took out the false top and put it back again on all the money there was left unprovided for.

But there was no room in the clergyman's hat except for money. The colored man opened a worn suit case that looked as if it would scarcely hold together to complete the journey and among the contents, some soiled underclothes, hid a fifty cent piece and two nickels, all the money he had. This seemed to those passengers whose watches and jewelry had not been taken care of the acme of fine hiding places. No robber would expect to find anything in that suit case among a negro's soiled underclothes. Consequently the goods that had not yet been hidden were dumped into the tattered receptacle.

By the time the last article had been stored away the train reached the cut. The passengers held their breath while passing through it and breathed again on reaching the other end. When they were congratulating themselves on getting through safely there was a jerk on the bell rope, and the train suddenly came to a stop.

The passengers turned pale and kept their seats except the clergyman, the woman and the negro. They went to the door, apparently to see what had happened. But they did not stop there. Four horses stood saddled beside the track. The three passengers mentioned, the negro holding on to his suit case, jumped from the car and on to the horses. The fourth horse was mounted by the informer. Waving an affectionate adieu, they put spurs to their horses and were soon lost to view in a wood.

"By thunder," exclaimed the conductor, "that's the neatest job I ever dreamed of!"

Among all the passengers on the train there was not enough money left to buy a breakfast.

Tuesday is Bargain Day

We Give Double Trading Stamps Before Noon

Interesting Array of Bargains
FOR TUESDAY'S SELLING.

Several hundred yards of Silk Novelty Gingham of the famous Renfrew make, dots and stripes of pure silk. Dainty checks, plaids and stripes in a variety of colors. All 27 inches wide. Instead of 25c. we offer them at 12 1-2c. yard.

Another table that will attract the shoppers attention will be several hundred yards of fine quality of lawns in dainty patterns, and instead of them being the usual price of 8 1-2, 10 and 12 1-2c., you can buy them at 6c. yard.

Another table we will offer 2,000 yards of 32-inch madras for children's dresses and boys' waists and shirtwaist suits. This Madras was woven to be retailed at 18c. yard, but the mill had an accumulation of lengths, 10 to 20 yards, which is smaller than the regulation lengths, so we purchased the lot and offer them in any length cut to order, 10c. yard.

We find several small lots of summer goods. Quantity is small and season coming to an end, so we have gathered them together and marked them at unusually low prices. You will find 27-inch Check Waists that sold originally for 25c. at 14c. Striped Linen Serge marked down to 14c. and several pieces of Table Linen that has become soiled that sold for \$1.50, for \$1.00, and \$1.00 quality for 75c., lengths of 2, 2 1-2 and 3 yards.

About 300 yards of 30-inch small figured mercerized sateen, on blue, black and brown grounds, that originally sold for 20c., at 10c.

BARGAIN BASEMENT.

Mill ends of fine quality white P. K. 20 and 25c. value for 10c. yard.

Apron gingham, good quality, 5c.

White waist checks, 5c.

Fine quality pillow casing in mill ends, sells for 20c. in full lengths, for 12c. yard.

Table of apron gingham and colored lawns, 4 1-2c.

Full bleached canton flannel usually sells for 12 1-2c., for 6c. yard.

36 in. bleaching, good quality, usually sells for 9c., for 7 1-2c. yard.

Solid color linenette sold for 15c for 9c. 36 in. silkoline, in mill ends, 6 1-2c. yard.

36 in. percales in mill ends, 2 to 10 yards, light and dark grounds, sells regular for 10 to 12 1-2c., for 8 1-2c.

Kimona challies, Persian and Dresden designs, usually sells for 8c. for 5c. yard.

Hundreds of remnants from our regular stocks.

30 in. mercerized foulards, usually sells for 10c. at 5c. yard.

36 in. white rep, usually 25c. for 14c. Fine table salt sells everywhere for 5c. at 3c.

Argo Starch, 5c. size for 4c.

Arbuckle's roasted coffee, 14c. lb. White House Coffee, 27c. lb., 3 lb. can for 81c.

Ivory, Gold Dust and Octagon, 4c. You'll surely buy Ready-to-wear here Tuesday if you come. The assortments

are small, a garment here and a garment there, but we are getting ready for fall, therefore you can buy \$3.00 Taffeta Silk Underskirts in changeable taffeta at \$1.95.

Cambric petticoats with wide emb. flounce and insertion, in a \$2.00 quality, for \$1.19.

Small lot of wash coat suits are here, but they must go, and we put the price of \$2.50 and give you choice up to \$7.50.

A \$30 leather brown coat suit reduced to \$12.50.

A good assortment of ladies' and misses' tub dresses are here. We cannot put them away, so we offer them at \$2.50, and give you choice up to \$5.00.

THIRD FLOOR

Mission pedestals, value \$2.50 for \$1.69.

1 mahogany book case, value \$25, for \$22.50.

1 mahogany book case, value \$20, for \$16.98.

1 oak book case, value \$20, for \$16.98.

1 white enameled bath cabinet, French beveled mirror, value \$6.00, for \$6.98.

1 hall mirror, value \$2.50 for \$1.69.

They are quoting Mr. McNinch, Republican candidate for Congress in the fifth district, with saying that he has been a Republican for fifteen years. During that time he was Democratic mayor of Charlotte. Perhaps Mr. McNinch has been misquoted. Let it be hoped so at any rate.

There are so many different kinds of Republicans today that agreement among them is almost impossible. Defeat may be good for them as well as for the country.—New York World.

When it gets as difficult as it is at present to answer the question, "What is a Republican?" it is indeed time for something radical to be done.

King are like other people in that travel, study and observation broaden their views. It is said that the present liberal tendencies of the Spanish government resulted from Alphonso's going to London to attend the funeral of King Edward and talking there with other monarchs. The monarch who has not noted the spread of democratic ideas is blind indeed.

Neither Democratic nor Republican Congressmen have any business using their franking privilege for mailing personal letters. We mentioned Sunday a case where Congressman Morehead, a Republican, so abused his franking privilege and the News on the same date unearthed a letter written by Congressman Webb, a Democrat, and with equal impropriety franked in an official envelope. Men in high place are the ones who should have the keenest scruples about resorting to anything that is the least bit questionable.

Secretary of State Grimes is quoted as favoring a legalized primary for both parties at the expense of the State. It is difficult to say what would be just and at the same time practicable in this connection. We are not so sure but that the political parties should bear the expense of the primaries and not be required to have them unless they wanted to. But that this plan is not without its defects is shown by the circumstance that under it candidates running for State offices are virtually barred unless they are rich.

Washington Correspondent Pence, of the Raleigh News and Observer, maintains that the plight of E. C. Duncan, defeated candidate for the Republican State chairmanship, is not so bad, for he is still National Committeeman. To be sure. But how long will he be National Committeeman? No longer than the next Republican national convention of course. Butler and Morehead would oust him sooner but naturally not even they can change the Republican national plan of organization. Just give Butler and Morehead long enough and they'll put a quietus on Duncan.

The Statesville Landmark thus comments on the double taxation problem: Every once in a while some of the newspapers of the State fall to discussing this matter of alleged double taxation. There is just one point in the case the Landmark would be pleased to have some of them explain. Real estate is taxed; so is personal property, money on hand or on deposit. If A sells a house to B for \$4000 and gets \$4000 cash he is expected to return that money for taxation. So far so good. Then if A receives only \$500 in cash and a mortgage to secure the unpaid remainder, that mortgage represents the other \$3500, doesn't it? The paper is worth \$3500, or A wouldn't accept it as security. It is negotiable. In short, to all intents and purposes it represents \$3500 actual cash. If A had received from B the cash he would have paid taxes on the money, if he was honest, without a murmur. What is wrong with requiring him to pay taxes on the solvent credit

that represents the cash and is as good as the cash? Will The Gazette-News, or the Salisbury Post, as a matter of information to The Landmark, oblige us by explaining? B will pay taxes on the house, of course, for it is to all intents and purposes his. But if he paid \$4000 for it he won't pay taxes on \$4000. Under our system of assessment he will pay on about \$2000 or \$2500. The Landmark has taken note of this alleged double taxation before, and it regards it as very much of a myth. In fact, we believe it has its origin among money-lenders who want to escape the payment of taxes on solvent credits. The Post and The Gazette-News are entirely sincere, of course, in their view of the matter, but the Landmark is seeking light.

This all sounds very plausible, but there is a loose joint in the argument. The Landmark says, speaking of the mortgagor, "B will pay taxes on the house, of course, for it is to all intents and purposes his." On the contrary it is to all intents and purposes A's house instead of B's. Or, in other words, the house is B's to the extent of \$500 and A's to the extent of \$3,500. The justice of the problem would be for B to pay on \$500 and A on \$4,000. The Landmark, we suspect, is also in error in assuming that the agitation of the matter is brought about by the money lenders. We have noticed that it has been pretty generally discussed throughout the State and we believe that it has so happened because the newspapers realize that the problem is a practical one and one that has not yet been solved. There can be no argument on which the money-lenders could plead double taxation. The mortgages which they hold are distinctly solvent credits. We have several times before remarked on the injustice of taxing the mortgagor on what he does not own and it is a pleasure to us to note that the Salisbury Post and the Asheville Gazette News take the same view.

Centenary's New Organ.

The finishing touches are being put on the handsome new pipe organ recently purchased by the congregation of Centenary Methodist church and the organ will be tested on Wednesday night. The instrument was made by the Esty Organ Company, of Battleboro, Mass., and has the appearance of a durable instrument and the quality of the tone is pleasing. The public is cordially invited to attend the service Wednesday night and hear the instrument.

Mr. Foushee Buys Farm.

Mr. Garland Daniel yesterday sold to Mr. J. Giles Foushee that portion of the Washburn estate lying on the west side of the Battle Ground road, known as the "Cedars." Mr. Daniel states that he will cut up the portion of the estate lying on the right side of the road into small tracts and advertise the tracts as summer resorts.

Revival At Friends Meeting House.

Beginning Sunday a revival will be in progress at the Friends' meeting house, Asheboro street, conducted by Charles Hiatt, of Indiana. Mr. Hiatt is pastor-elect of the Friends' meeting in Long Beach, Cal. The meeting will continue through ten days or two weeks, services to be held each evening.

Stanley's Condition.

Yesterday's Danville Bee states that the condition of Ted Stanley, the young man who was shot on the excursion train Thursday, is still serious. There is a chance for recovery, however.

The Origin of the Mastiff.

Mastiff is a term applied to a very large and powerful species of the canine family, and there is considerable conflict of opinion regarding the origin of the word. Some claim that it is derived from the Italian mastino or the French mastin, both of which signify large limbed. This word, they say, was gradually corrupted into masti, a Lincolnshire expression meaning very large, muscular or big, until it gradually assumed its present form. Others again say its true origin is the old German masten, to fatten, because the mastiff is a large dog and so seems better fed than any other.—London Field.

Beware of Ointments for Catarrh that Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescription from reputable physicians, as the damage they will do in ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by druggists, Price 75c. per bottle. Take Hall's Family Pills for constipation.

THE WET RAIN.

There Are Several Varieties, and All Have Their Whims.

Rain is principally composed of water, but it should not be confused with mining stock.

Rain always comes on Sunday afternoons and wash days.

Wash day may be changed to any day in the week, systematically or indiscriminately, but the rain will come.

Sunday afternoon, however, cannot be changed to any other afternoon. The rain will hold off until you are ready to go driving, and then the words will be passed along the mysterious currents of the air, and a double order of cirrus and cumulus will be hurried in from the west.

Also in the morning, when you leave home and carry your umbrella and raincoat, the rain will go away and sulk. But if you take heart of the fair sky and leave the umbrella and other trimmings then the rain will wait until you leave the office and then get you. Incidentally it will tuck a few grip and rheumatism germs into your system.

Rain is good for the crops, but why it takes you for a crop is hard to understand.

Rain never brought fame to any one except Noah. Probably on the day the flood began he watched the last picnic party drive out of town in a bus, shouting sarcastic things at him through the dust.

There are several varieties of rain, but the one most popular with the weather bureau is called "Probably."—Chicago News.

An Office Business Only.

A young man called at the office of a justice of the peace and with some hesitation made known his business, which was to be married. The justice replied that he thought he could perform the service and asked if the young man had his license.

"Yes, sir," the youth replied.

"Well, where is the young lady?"

"She—she's at her father's."

"Well, bring her here."

"She'd rather be married at home, squire."

"And you expect me to go there and marry you?"

"Yes, sir, if you please."

"Young man," said the justice, "this office of mine is like a department store. We sell matches here, but we don't deliver them at the house."—Youth's Companion.

Women wear so much false hair nowadays that it's hard to tell which is switch.

Another Eddie Foy Song.

"Up and Down Broadway," with Eddie Foy, Shubert's show, at the Casino, in New York, is holding the crowd this summer. Eddie Foy's best song has been given the New York Sunday World, and will be distributed by that big newspaper, words and music complete, next Sunday. Watch for it, it is great.

SUNDAY SCHOOL CONVENTION.

Held Sunday Afternoon At Moriah Church—Large Attendance of Workers.

Sunday afternoon at 3:30 o'clock at Moriah church, three miles south of the city a large number of Sunday school workers of Gilmer township gathered to attend the convention of the Gilmer Township Sunday School Association.

Mr. S. Clay Williams presided and after the devotional exercises presented County Secretary Shuford Peeler who spoke most interestingly about the World's Sunday School Convention recently held in Washington City. Mr. H. B. Smith, of Greensboro, then spoke on "Everybody in Sunday School." He emphasized the importance of the children being taught the Bible as it was taught generations ago.

Following the addresses short talks were made by a number of workers in which the work done by the several schools was commented on. These talks were full of spice and much encouragement was gathered by the different workers during this feature of the program.

Gilmer has the largest enrollment of any township in the county, barring perhaps High Point, all of which is included in one township. However, Morehead is a close second, but the officers of

Morehead have failed to call a convention and the actual strength of the township is not known. Nor can the township send up a report to the county convention Friday.

The Sunday schools in Gilmer are as follows: Moriah, Friends, Westminster, Asheboro Street Baptist, First Presbyterian, Holt's Chapel, Centenary M. E. Moravian, St. Andrew's Episcopal, Proximity M. E., Proximity Baptist, Christian, of Revolution, Methodist Protestant, of Revolution, White Oak Baptist, White Oak Presbyterian, White Oak M. E., Buffalo Presbyterian and Midway Presbyterian.

Eighteen in Jail.

Jailor A. J. Apple yesterday had eighteen prisoners in charge, two of these being from Rockingham county. The Rockingham prisoners are being kept here while the new county jail is being built at Wentworth. Nearly all the prisoners are in jail awaiting trial at the September term of criminal court. The crazy negro from High Point appears to be somewhat improving as he did not cause any trouble yesterday. However, on Sunday he was probably at his worst.

A woman can't keep a secret without getting some other woman to help her.

STAUNTON'S CAVE IN.

The Conditions Are Alarming—Dynamite Being Used As Last Resort.

Staunton, Va., Aug. 14.—Staunton and nearby towns are wrought up to a pitch of excitement never before equaled here over the alarming conditions that have followed the caving in of the earth and the complete disappearance of three houses in gaping holes that this morning showed signs of stretching under the United States postoffice building, the Second Presbyterian church and a score of the most costly residences along North Lewis street.

Despite the report of the experts that the caving in may not extend beyond the present break, additional rumblings of the earth and almost continuous avalanches of surrounding earth, trees and portions of Professor Wilson's home, which hangs directly over a yawning crevice several hundred feet deep, caused the authorities to decide today to employ dynamite in an effort to tear away all loose portions of ground.

This drastic action was ordered by the Town Council following a report on the alarming conditions made by Chief of Police Lipscomb, whose attention was called to today's continued activities of the shifting ground by wealthy North Lewis street residents, who are so stirred up over the situation that this morning they began to move their belongings from their homes.

The first charges of dynamite were exploded today immediately in the rear of the postoffice building, and from a cursory examination at that point it was decided that the break could be bridged and the walls of the great crevice stopped from falling by immediately building an arch of cement over the chasm.

It is conceded by the experts who made a final examination today that the fire-engine house, the front part of which juts over a hole where bottomless water can be seen 200 feet below the surface of the street, is virtually doomed, and that even the passing and repassing of thousands of curious spectators who have come here from surrounding country may jar the entire building into the cavern before the cement hardens.

The curious crowd grew to such proportions with each arriving train that Chief Lipscomb today was compelled to swear in fifty or more deputies in order to keep the more daring from walking out over the condemned portions, which literally hung by a thread. These strips of condemned grounds extend in some places hundred feet on either side of the main crevices.

That there will be more movements of the ground can be seen from the manner in which these smaller cracks have been growing perceptibly since early this morning when the east foundations of public schoolhouse No. 2 began to sink.

Because of the danger to the schoolhouse, which is a five-story brick building containing about thirty rooms, the attention of the officials was centered there about 11 o'clock. Dynamite was used to tear away the overhanging sides of the pit, and great timbers were rested on a ledge of hard rock which was found to exist there after the earth had been blasted away.

The discovery of this ledge of rock has aroused hope that there is no more danger to be feared at the northeast extremity of the cavern on that side. Absence of any solid rock foundation directly across the hole, where the engine station is located, leads to the belief that there may be trouble at the first heavy rain. In this direction, less than 1,200 yards away, stands the Mary Baldwin Seminary for Girls, one of the most exclusive institutions of its kind in the South. The buildings were recently erected at a cost of more than \$250,000.

Opinions as to the cause of the disturbance vouchsafed by some of the older residents here are at variance with opinions of the experts. It is claimed that beneath the city of Staunton and the surrounding country there are innumerable caverns, thought to be extensions of Luray caverns, which are fifteen miles northeast of here.

LOCAL AND PERSONAL.

Mr. and Mrs. C. S. Whittington and two brothers have returned to Durham after a visit to Mrs. L. A. Atkinson.

Mr. George B. Saunders, of the Washington Steam Bakery, will leave this morning to spend several days with relatives and friends in Randolph county. Mr. and Mrs. O. C. Wyssing have returned from an extensive European tour. They attended the World's Missionary Conference at Edinburgh and also the Passion Play at Oberammergau.

Mrs. C. E. Maddry, of Statesville, is spending a few days at the home of Mr. W. H. Foushee, on West Washington street.

Mr. and Mrs. S. S. Brown, Miss Helen and Master Famie, returned last night from Unaka Springs, Tenn., where they have been spending some days.

Mr. N. Rush Hudson left last night for a ten days trip to New York City.

Miss Mary Vanstony returned last night from Greenville, Tenn., where she has been the guest of Miss Kathleen Babson, at a house party for two weeks.

Mrs. J. C. Pierce and children returned yesterday after spending a week at Mt. Vernon Springs. Mr. Pierce went down Saturday to accompany his family home.

Fight At Revolution.

Before Justice of the Peace Rogers at Revolution yesterday Dr. Atkins and Les Oakley were given a hearing on the charge of engaging in an affray. Oakley was fined \$5 and costs, while Atkins was let off on payment of costs. There was another case against Atkins and he was taxed the costs in this case also. He was unable to raise the necessary cash and went to jail.

Born.

Yesterday morning to Mr. and Mrs. E. Byerly, a girl baby weighing nine pounds.

Lindley Park.

There is a big beauty baby show on at the park theatre this week and there are 36 of Greensboro's sweetest and dearest children in the contest. Everyone going out to the park theatre this week will receive a coupon good for one vote in the baby contest. The show is twice nightly. Don't miss it. Russell and Grey in an up-to-date singing act. Senator Francis Murphy in a funny monologue. It's a big show this week. 1t

Itching Eczema Washed Away.

Is it worth 25 cents to you to stop that awful, agonizing itch? Surely you will spend 25 cents on your druggist's recommendation, to cool and heal and soothe that terrible itching eruption? By arrangement with the D. D. D. Laboratories of Chicago, we are able to make a special offer of a 25-cent bottle of their oil of wintergreen compound, known as D. D. D. Prescription. Call or write or telephone to Fariss-Klutznick Drug Co.

We absolutely know that the itch is stopped at once by D. D. D. Prescription, and the cures all seem to be permanent.

FOLEY'S KIDNEY CURE
Makes Kidneys and Bladder Right

DREXEL, AVIATOR.

Quick Development of Young Philadelphian as a Master of the Art of Flying.

New York Herald.
By this amazing feat at Lanark on Thursday evening Mr. J. Armstrong Drexel in the space of three and one-half months completed the transition from obscurity to world-wide fame in the field of aviation. Mr. Drexel is a son of Anthony J. Drexel, of Philadelphia. As an aviator he was first heard of in this country on May 2 of this year, when the cable flashed a report of his having made attempts at reaching high levels in a Beliot monoplane at East Boldre, Hampshire.

Apparently young Mr. Drexel has a predilection for altitude rather than distance work, as he has frequently made attempts at reaching high levels. On June 21, at Beaulieu, he made an English altitude record of 1,070 feet.

As a long distance flyer, however, he has also gained a fine reputation. On July 19, carrying Mr. Harry Delacombe, he made a flight of 35 miles from the Bournemouth aviation grounds, following the close of the meeting there to Beaulieu, where he maintains an aviation school. Much of this flight was over the Solent. In writing his impressions for the flight Mr. Drexel said in part:

"There is no doubt in my mind at all that aeroplanes will become the accepted agents for the purpose of scouting in warfare. I was particularly struck with the view we got of the Solent and the land on each side, and although it was a very misty day we could see a very long way. My own thought after the flight was that the higher you are the safer it is in cross-country flying.

"As soon as we got to 1,000 feet I felt much easier in my mind, as, personally, I never like to fly across country in England under 800 feet. At that height, it seems to me, one always has a fair chance if one's engine stops or starts misfiring, of looking about and planing down onto clear ground, but anything under, unless the country is singularly free from trees and houses, I consider most dangerous."

During the Bournemouth meeting Mr. Drexel made a fine flight from the grounds to the Needles lighthouse and return, a distance of 21 miles, of which 19 were over the water. In this competition he was second in point of time to Mons. Morane, the French champion. In many other competitions at Bournemouth Mr. Drexel proved his ability. Trying for altitude, however, he was again second to Mons. Morane, reaching 2,490 feet, as compared with the Frenchman's 4,107.

The world's record broken by Mr. Drexel on Thursday was 6,175 feet, established by Walter Brookings in a Wright biplane at Atlantic City on July 9.

They Have a Definite Purpose.
Foley's Kidney Pills give quick relief in cases of kidney and bladder ailments. Mrs. Rose Glaser, Terre Haute, Ind., tells the result in her case. "After suffering for many years from a serious case of kidney trouble and spending much money for so called cures, I found Foley Kidney Pills the only medicine that gave me a permanent cure. I am again able to be up and attend to my work. I shall never hesitate to recommend them."

RATHER EXPENSIVE BABY.
Bachelor Lawyers Astounded at Woman's Testimony.

Chicago, Aug. 13.—Here is what it costs to keep a 7-year-old baby, according to Mrs. Lilian Stone, wife of Sidney Stone, real estate dealer, reputed to be worth half a million:
Go-cart, \$40; lingerie and other clothing, \$400. Weekly expenses: Room, \$8; nurse, \$25; second nurse, \$10. Added to this, Mrs. Stone thinks the child should have toys of the value of about \$100. The outgoings for the baby's nurses should cost at least \$15 a week.

Mrs. Stone is suing her husband for the support of the child. When she was testifying all the lawyers in the courtroom happened to be bachelors. They gasped with astonishment as she recited off the figures and, with Attorney Henry B. Levy, formed a bachelor's club after court adjourned.

Cats and Dogs.
According to a French investigator, domestic animals have a certain amount of reasoning power, often act upon reflex notions and can associate ideas from which they draw inferences. Dogs, and still more so cats, he says, learn to imitate the voice and movements of their masters or mistresses. He has noticed old watchdogs which when they barked had peculiar intonations which resembled the voices of their masters. Cats try by the way in which they cry to make their mistresses understand exactly what they want.

A Thing of Beauty.

Delights of the Seaside Beautifully Pictured by the Atlantic Hotel in an elegant Announcement.

As lovely an announcement as any ever issued by a hotel in the South is that just published by the Atlantic Hotel, of Morehead City, in a beautiful circular of twelve pages, attractive and inviting, a thing of real art. The season opens June first. All persons desiring a copy of the announcement may secure it by addressing a card to Frank P. Morton, manager, Atlantic Hotel, Morehead City, N. C. It is splendidly illustrated and the pleasures it recites and pictures make the wish to go to the seashore irresistible.

It is stated, the Summer season of 1910, will mark a new era in the history of the Atlantic Hotel—a number of improvements have been made, new granolithic and board walks laid, new piazza built, and tennis courts added. The ball room which is of enormous proportions, has been beautifully decorated, and many other features added for the comfort of its guests.

Morehead City is justly famed for the excellent fishing in the matchless waters that are found within the confines of this endless expanse of pleasure grounds, where myriads of the "finny tribe" disport themselves.

The Atlantic Hotel is preparing to entertain this season the largest crowd in its history.

MAINTENANCE

Color of Hair Said to be Constant.

Many people believe that the color of their hair is constant. A. J. Sabouraud, a French physician, has discovered that the color of the hair is not constant, but that it is subject to change.

The disposition of a man is to be determined by the color of his hair. A man with red hair is said to be of a passionate nature, while a man with black hair is said to be of a more reserved nature.

It is said that a man with grey hair is of a more dignified nature, while a man with white hair is said to be of a more reserved nature.

BELL'S CHARACTER.

Color of Hair Said to Indicate a Person's Temperament.

Many people believe that blonde, or light hair denotes affection and dark hair denotes a person without hair is not devoid of character, for from it. The disposition of the average blonde-headed man is to show such solicitude for the welfare of others, that he neglects himself. A germ causes baldness. Prof. Sabouraud, of Paris, France, inoculated a rabbit with Dandruff germs, causing it to become totally bald in five weeks' time. To rid the scalp of these dangerous germs it is necessary to apply Newbro's Herpicide.

"Destroy the cause—you remove the effect."

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

One dollar bottles guaranteed.

MORTGAGEE'S SALE OF LAND

Under and by virtue of the power of sale given in a mortgage deed executed to Walter D. McAdoo by I. H. Adkisson and his wife, Georgiana A. Adkisson, on the 1st day of May, 1906, and recorded in the Register of Deeds office of Guilford county, N. C., in Book No. 187, Page 534, etc., default having been made in the payment of principal and interest according to terms of said mortgage, I will expose to sale at public auction to the highest bidder for cash at the courthouse door in the city of Greensboro, N. C. at 12 o'clock m. on Saturday, the 24th day of August, 1910, the following real estate, lying and being in the county of Guilford and State of North Carolina in Guilford township, adjoining the lands of W. D. McAdoo, Geo. Smith and others and bounded as follows: Beginning at a stone 305 feet from the intersection of Magnolia and Palm streets at the southwest corner of lot No. 31; thence about east along the line of lot No. 33, 109 feet to a stone; thence about north along the lines of lots Nos. 5 and 6, 100 feet to a stone; thence about west along the line of lot No. 27, 109 feet to a stone on Magnolia street; thence along the east side of Magnolia street about south 100 feet to a stone the beginning being lots Nos. 29 and 31 in plot of W. D. McAdoo's property near White Oak and Revolution Mills, the above property is improved by a good dwelling, out houses and orchard.

July 20th, 1910

GAYNOR GETS EGGS.

Fresh Ones Every Day Sent to Hospital For Wounded Mayor—Dr. Stewart Delights Him.

Various New York Papers. A large Brooklyn poultry company sent a dozen "strictly fresh eggs" to the hospital for Mayor's use yesterday. They were guaranteed to have been laid by Rhode Island Reds, Plymouth Rocks and Leghorns, and the company's representatives said that a dozen would be sent each day until the Mayor got well.

Drs. George W. Stewart and Charles N. Dowd remained with the Mayor all day yesterday. The Mayor and Dr. Stewart swapped stories about French-Canadian life and Nova Scotia, Secretary Adamson said. It appears that Dr. Stewart came from the same town in Nova Scotia from which City Chamberlain Hyde hails, and told stories in the French-Canadian dialect, which greatly amused the Mayor. The Mayor expressed surprise that Dr. Stewart knew so much about Nova Scotia and said, with a smile:

"Most people in New York don't even know where Nova Scotia is."

The Mayor commented on the amount of attention which had been shown him at the hospital, with so many doctors and nurses around, and said it reminded him of the poor dog which had been hurt in front of his house at St. James, Long Island, recently.

"That dog was a character in the village," the mayor told Dr. Stewart, "and they took him away in pretty bad shape that day. Here I am receiving all this attention and I wonder what has become of the dog."

The Mayor was curious to know what had been done with the dog. Mr. Adamson said, and the secretary telephoned to St. James and found out. The dog had recovered.

Life on Panama Canal

has had one frightful drawback—malaria trouble—that has brought suffering and death to thousands. The germs cause chills, fever and ague, biliousness, jaundice, lassitude, weakness and general debility. But Electric Bitters never fails to destroy them and cure malaria troubles. "Three bottles completely cured me of a very severe attack of malaria," writes Wm. A. Fretwell, of Lucama, N. C., "and I've had good health ever since." Cure Stomach, Liver and Kidney Troubles, and prevent Typhoid. 50c. Guaranteed by Fariss-Klutz Drug Co.

Working for Kids.

"I can't get my boy to do anything around the house."

"We have settled that problem, my kids runs errands for my neighbor and her boy runs errands for me."—Louisville Courier-Journal.

For Quick Relief from Hay Fever.

Asthma and summer bronchitis, take Foley's Honey and Tar. It quickly relieves the discomfort and suffering and the annoying symptoms disappear. It soothes and heals the inflamed air passages of the head, throat and bronchial tubes. It contains no opiates and no harmful drugs. Refuse substitutes. Holton Drug Co.

The man who is the architect of his own fortune can't always draw up plans and specifications for others.

BOARDING SCHOOL OR HOME?

Bishop and Business Man Differ On Proper Education for Child. Philadelphia Inquirer.

The Public Moral Conference recently held in London took up a question that has constant interest for mothers and fathers—that is, whether the boy trained in the boarding school or the one brought up in a day school under his mother's close observation is the more efficient.

The Bishop of Hertford appealed to the parents to take their children away from the "barrack life" of the boarding school and to keep them under home influences. The business men, however, have taken a contrary view.

A manager of a large bank has thus expressed himself: "At a glance I can tell the young man who has 'fought his own battles' at a boarding school and the youngster who has attended a day school and always been under the 'mother influence.' Self-confidence and obedience are lessons best learned by a boy by dint of frequent 'lickings' and merciless chaff, and it is these qualities which help a young man to succeed in business life. In many ways a boarding-school boy is more honorable than a day-school boy. He is never a sneak, and when there is trouble he knows how to face the music alone."

From Sickness to "Excellent Health."

So says Mrs. Chas. Lyon, Peoria, Ill.: "I found in your Foley Kidney Pills a prompt and speedy cure for backache and kidney trouble which bothered me for many months. I am now enjoying excellent health which I owe to Foley Kidney Pills."—Holton Drug Co.

As Per Agreement.

"I haven't the least vestige of a case," said the crafty client to the craftier lawyer, "but I have money."

"How much?" casually inquired the legal one.

"Five thousand dollars," proclaimed the client.

The lawyer put out his hand.

"Shake hands," he said, "you have the best case I ever heard of. I'll see that you never go to jail with that sum."

And he did.

The client went there—broke.—Philadelphia Inquirer.

A Pill Built Right

to cure torpid liver and sluggish bowels is Vick's. It is tonic to the entire system and always mild and removing the catarrhal condition of the lower bowel, establishing regular habit. 40 in vial, 25c.

A Solar Plexus.

On one occasion Sam Berger, the brawny fight manager, was in a small California town sounding some of the residents as to the possibility of holding a prizefight. The local police force, a clownish looking individual, with a huge badge, heard of Sam's investigations.

"You can't hold no prizefight in this here town," said the police force threateningly in his best "I be the marshal" tones. "It is agin the law, and I won't stand for it."

"Aw, beat it," said Berger in disgust. "What do you know about law? Why, your very appearance in public is a misdemeanor."—Lippincott's.

The closer we get to some people the smaller they seem.

Strong Healthy Women

If a woman is strong and healthy in a womanly way, motherhood means to her but little suffering. The trouble lies in the fact that the many women suffer from weakness and disease of the distinctly feminine organism and are unfitted for motherhood. This can be remedied.

Dr. Pierce's Favorite Prescription

Cures the weaknesses and disorders of women. It acts directly on the delicate and important organs concerned in motherhood, making them healthy, strong, vigorous, virile and elastic.

"Favorite Prescription" banishes the indispositions of the period of expectancy and makes baby's advent easy and almost painless. It quickens and vitalizes the feminine organs, and insures a healthy and robust baby. Thousands of women have testified to its marvelous merits.

It makes Weak Women Strong. It makes Sick Women Well. Honest druggists do not offer substitutes, and urge them upon you as "just as good." Accept no secret nostrum in place of this non-secret remedy. It contains not a drop of alcohol and not a grain of habit-forming or injurious drug. Is a pure glyceric extract of healing, native American roots.

Why Have an Overheated Kitchen in Summer?

When the sultry days come and the coal range makes the kitchen almost unbearable and cooking a dreaded task, put out the range fire and try the newest method of cooking in hot weather—use a

New Perfection Oil Cook-stove

What a contrast! The kitchen no longer is stifling hot, the work is now done with comfort, and the housewife is not worn out with the heat.

She saves her strength, keeps her health and is better able to enjoy the summer.

The New Perfection does everything that any other stove can do—all the family cooking, baking, washing and ironing. No smoke, no dust, no odor. Heat is applied directly and not wasted. A turn, and the flame is out.

The New Perfection stove has a Cabinet Top with shelf for keeping plates and food hot, drop shelves for the coffee pot or saucepans, and nicked towel racks.

It has long turquoise-blue enamel chimneys. The nickel finish, with the bright blue of the chimneys, makes the stove very attractive and invites cleanliness. Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.

Every dealer everywhere; if not at yours, write for Descriptive Circular to the nearest agency of the

Better Health
 A Pleasing Sense of Health and Strength Renewed and of Ease and Comfort
 follows the use of Syrup of Figs and Elixir of Senna, as it acts gently on the kidneys, liver and bowels, cleansing the system effectually, when constipated, or bilious, and dispels colds and headaches.
 To get its beneficial effects, always buy the genuine, manufactured by the California Fig Syrup Co.
FUNERAL FLOWERS
 Remember that we get them there on time; and arranged in the very best style, of good-keeping flowers.

Persons Unfamiliar With Banking
 The officers of this Bank always take pleasure in explaining the details of any financial matters. How to open a savings account or to deposit money subject to check are questions that we answer frequently. Women who have the management of their own affairs appreciate the painstaking, careful assistance which we render.
